Q5 I have concerns about how COVID-19 safety protocols will be implemented in my workplace (i.e. social distancing, masks, deep cleaning will not be required or will be inadequate.)

enforcing job last year Sick require masks Social distancing will require put safety measures want  
 choices teachers change district will environment safe issue keep parents also state  
 protocols place required feel seem safety protocols living place safety  
 best community year will continue protocols mask mandate school  
 lot masks even last year much will trust  
 cleaning plan students s concerned deep cleaning  
 people school districts taken school board district less need starts  
 made hope COVID goes wearing masks teach believe kids building precautions  
 now know school year protect one us many won t follow students staff said came Covid  
 implement district great job procedures
